

**INCIDENT MANAGEMENT SITUATION REPORT**  
**SUNDAY, APRIL 2, 2006 – 0800 MST**  
**NATIONAL PREPAREDNESS LEVEL 2**

**CURRENT SITUATION:**

Initial attack activity was moderate nationally with 183 new fires reported. One new large fire was reported in the Southern Area. Two large fires were contained, one each in the Southwest and Eastern Areas. Very high to extreme fire indices were reported in Massachusetts, Connecticut, and Vermont.

**SOUTHERN AREA INCIDENTS/LARGE FIRES:**

WEST TEXAS IA, Texas Forest Service. A Texas State Type 2 Incident Management Team (Hanneman) is assigned in Midland, TX. The Team is assisting local jurisdictions with managing a fire prevention program, initial and extended attack fires within the 140 million acre fire management response area. Acres, structure losses and costs represent cumulative fire activity for the response area. Resources are being relocated to areas of high fire potential.

HORN MOUNTAIN, Buffalo National River. This fire is in Newton County in grass. Remote and rugged terrain are hampering control efforts. No further information was received.

CANE FORK, Kentucky Division of Forestry. This fire is on private land five miles northwest of Hyden, KY in timber. No further information was received.

MID DAY, Okmulgee Field Office, Bureau of Indian Affairs. This fire is two miles north of Haydenville, OK in grass and hardwood litter. No new information was reported.

GARCON POINT ROAD, Florida Division of Forestry. This fire is in Santa Rosa County in timber. No new information was reported.

TANYARD HILL, Kentucky Division of Forestry. This fire started on private land in Bell County in timber and litter understory. Thick vegetation mixed with logging slash and steep terrain are making line construction difficult. The fire received some precipitation.

GAMBLER, Eglin Air Force Base. This fire is five miles southwest of Holt, FL in southern rough and timber. No new information was reported.

170<sup>TH</sup> STREET, Florida Division of Forestry. This fire is three miles northwest of Miami Lakes, FL in hurricane damaged timber. No new information was reported.

CHARLIE O'BRIEN, Oklahoma Division of Forestry. This fire started on private land eight miles northwest of Beggs, OK in hardwood timber. No new information was reported. This will be the last report unless new information is received.

SPANISH PEAKS, Oklahoma Division of Forestry. This fire started on private land nine miles northeast of Beggs, OK in hardwood leaves and litter. No new information was reported. This will be the last report unless new information is received.

## OUTLOOK:

**Weather Discussion:** An upper level low pressure system and surface cold front will move across the Plains today. Windy conditions will elevate fire potential over the persistently dry area of eastern New Mexico, western portions of Texas and Oklahoma, western Kansas, and southeastern Colorado. Elsewhere, strong winds will develop across the central Plains, however showers will moderate fire potential. In southern New England, dry and breezy conditions will exist.

<b>Geographic Area Weather</b>	<b>High Temperatures</b>	<b>Minimum Relative Humidity</b>	<b>Wind</b>
<b>Southwest Area</b> Windy and dry across eastern New Mexico and west Texas. Otherwise, mostly sunny, warmer and drier across the entire Southwest Area.	65 to 85 across the lower elevations. 45 to 65 across the higher elevations of the Southwest Area.	10% to 20% across the lower elevations. 20 to 40% across the higher elevations of the Southwest Area.	West 15 to 30 mph and gusty across eastern New Mexico and west Texas. Southwest to west 10 to 20 mph across the remainder of the Southwest Area.
<b>Eastern Area</b> No information was reported.			
<b>Rocky Mountain Area</b> No information was reported.			
<b>Southern Area</b> No information was reported.
